

# Class A Investment Shares

## Series 09 Investment Share Offering

Meridian is pleased to announce that we have been successful in selling the maximum number of 60,000,000 shares prescribed in the Offering Statement within approximately four weeks of the commencement of sales. This is truly an indicator of the value that is placed in this product by our Members and we would like to thank all Members who participated in the offering and purchased Series 09 shares.

The issuance of these shares provides an increase to Meridian's Regulatory Capital, which serves to further enhance our position relative to our regulatory requirements and provides opportunity for future growth. As an added benefit for shareholders of our other series of Class A Investment Shares, along with the offering of Series 09, we also expanded the service offering of our other series to include the Tax Free Savings Account. Shareholders of the other series of Class A Investment Shares can now hold these shares in a TFSA account. Contact your financial Coach or the Contact Centre if you wish to transfer all or a portion of your Class A Investment Share holdings to a TFSA today.
