## Managing your cash flow

Going into business for yourself means you'll enjoy more flexibility with your schedule. To effectively balance your practice and personal life and to get the most out of both, you'll need a good cash flow management system.

Meridian has a number of business solutions that can help you manage your cash flow needs. It means you can spend more time focusing on what you do best – caring for your patients – without having to worry about what's happening with your money. Also, unlike other financial institutions, we offer immediate access to a dedicated Senior Wealth Advisor to help keep you on track as your practice grows.

## Financial considerations for chiropractors include:

- ✓ What will it cost to buy into a practice, or to launch your own?
- ✓ Premises – have you considered your location? Is there competition already in place?
- ✓ The work/life balance – balancing your income with flexible schedules
- ✓ Repaying your student loan

## Meridian offers chiropractors financial solutions for:

- ✓ Equipment purchase
- ✓ Buying your own premises
- ✓ Launching an additional practice
- ✓ Investing your cash reserves

## Benefits of working with us

- ✓ Interest rates as low as Prime plus 2.00%
- ✓ Practice purchase financing up to 75%, covering equipment, leaseholds, building and goodwill
- ✓ Practice start-up, up to 75% financing for equipment, leaseholds and building
